

K-LOVE Radio station is extremely IMPORTANT to me and my family not to mention other people they support and minister, too. They also touch people's lives in ways words cannot express. I am writing today to say how VITAL it is that I request K-LOVE to stay on the FM Radio channel and FM translators, so that I can get it anywhere, anytime. It would be a huge LOSS to me if K-LOVE was taken off the FM broadcasting! This is in the public interest because they show people new light, love and support where they may not have found it so easy to begin seeking and living under worship with GOD!
